DETAILED ACTION

Response to Affidavit

The affidavit filed on February 17, 2006 under 37 CFR 1.131 is sufficient to overcome the Boroson et al. (US 6824950) reference.

Allowable Subject Matter

Claims 1-42 are allowed.

Regarding independent claim 1, the references of the Prior Art of record fail to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation wherein a stability enhancing layer comprising an inorganic dopant in an organic host is in contact with the light emitting layer and an electron transport layer is disposed over the stability enhancing layer.

Regarding claims 2-21, claims 2-21 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Regarding independent claim 22, the references of the Prior Art of record fail to teach or suggest the combination of the limitations as set forth in claim 22, and specifically comprising the limitation wherein a stability enhancing layer comprising an inorganic dopant in an organic host is in contact with the light emitting layer, which comprises an organic dopant in an organic host, and an electron transport layer is disposed over the stability enhancing layer.

Regarding claims 23-42, claims 23-42 are allowable for the reasons given in claim 22 because of their dependency status from claim 22.
